Should PNA take stands on ballot measures? What about VERITAS (council election changes) and SMRPH (tenant purchase of units) in particular?

Housing, Building Standards, Neighborhood Conditions

Public Safety, Police, Crime

Traffic & Parking

Commercial Development

Quality of City Services

Do you agree with the PNA focus on:
Web Site as our main communication tool
Lobbying for street and traffic improvements for 20th Street
Desire to shift City housing policy toward home ownership
Effort to diminish graffiti
Create a better more effective police presence
Lobbying city hall to help evict criminals

Should PNA take stands on ballot measures? What about VERITAS (council election changes) and SMRPH (tenant purchase of units) in particular?

No PNA should not take stands on ballot measures. They can have their own individual opinions

No

Yes this would give us more say

Up to the Board of Directors

Yes

Not really, Maybe

Absolutely. I want to know how the PNA feels about SM elections and how they specifically effect the PN

Oppose both or take no position

I strongly advocate taking a stand on tenant purchase of units because it seems less politically charged - bottom line - no stand on VERITAS

No

Yes on both

Yes

Yes it would empower the association

Take no position and if you do vote no on both

Yes

No PNA should sponsor forums & debates to educate residents of Pico District - PNA should recommend but not advocate or sponsor ballot measures

No We should continue to inform the neighborhood through events such as these and then allow them to decide what their stand will be

No on ballot measure stances. No on SMRPH but have info pro/con on web site. Personal opinion: Absolutely opposed to VERITAS. Probably would support SMRPH, but should need more specific info re how financing would work.

I think it should be decided on a case by case basis

PNA should absolutely support VERITAS. We need representation on the City Council

Yes

VERITAS combined w/ present process - call for a reform (if not VERITAS). More info needed on SMRPH

Housing, Building Standards, Neighborhood Conditions

Need to be able to have people removed from apartment who's a drug dealer and active gang member.

Have PNA buy the mountain view property with CC because the city housing is destroying it. The city is removing 36 units.

More ownership and help info

Yes definitely

Yes

Conversion of Community Corporation's rental housing to ownership and senior housing

Support rehab of existing affordable housing in the neighborhood and support support more affordable housing in Pico

Crime/Drive-bys seem to be centered in our neighborhood - this is my main concern

Yes

Ownership

Build and rehab more low income housing

Yes

More careful review of new projects - but this takes active oversight and presence at planning meetings, not just "messages" to Council.

I would like to see more affordable housing in SM both rent a and ownership

City ord. are not enforced at present - if we had a rep on the city council that would happen less

Building standards should be set for no littering and to not dispose of appliances and trash in yard and especially sidewalk

Public Safety, Police, Crime

Not quick response time. Need more police during the night time.

More patrol and also what happened to the cameras?

More police

Yes for sure

Yes

Funds for SMPD to live in SM

emphasize community policing

Yes

More police

Police and its treatment of youth of color

Let's get real community policing. Police should be responsible to neighborhood organizations and other neighborhood groups

More police patrols

Expand and promote graffiti removal program Promote eviction of persons convicted of violent crime or illegal activity in rental unit.

I have always had an excellent response from fire, police so can't comment from personal experience on need for improvement.

It has been proven over and over again that crime prevention works the best. More youth programs and the causes of crime.

Police unresponsive to transient calls

Traffic & Parking

Too much cut thru traffic on our block

It's strangling Pico N.

Always

Yes

I live off Pico on 19th St. Parking is horrible. I call parking enforcement on average 3x a week. It is the most difficult aspect of living here.

Neighborhood-wide traffic surveys specific to each neighborhood

Oppose Olympic Blvd development that puts traffic on Exposition & Centinela

Yes

Traffic safety control @ intersections during busy traffic times.

Stop large development which pours traffic into residential neighborhoods and/or make sure such development is designed to keep traffic out of neighborhood in on arterials.

20th St needs to slow down

Again no problems in our neighborhood - personal experience only

More electric charging stations - eg. all city parking lost

Pref. parking not granted to BOTH sides of street on 9th St.

Parking areas need for community

Commercial Development

Get rid of Eddies liquor!!

Always and forever

Moderate commercial development

Would like to see improvements and parking on Pico Blvd.

Yes

More

Desperately needed - banks, grocery stores

I would like to see less commercial development in Santa Monica

We need MORE - why rag on the hotels - they bring jobs & money to the community

Interested in Burineos. Development in area and streets

Quality of City Services

More maintaince around sidewalk in the neighb. ie. trashcans!!!

Over and over again

City-wide standard should be maintained in Pico Neighborhood

Improve maintenance at Stewart Park

Yes

Poor - need more here

All basically good.

As said earlier, I've had excellent resonse form all City agencies, including graffiti removal.

POOR!

	Yes	Yes!
	Depends on crime and how it is done	

other:

Don not agree with anti-floridation stand - especially in areas with low incomes & poor dental care. PNA should not take a stand on these issues. I agree with PNA stand on renter violence a reason for evictions - however, thisshould be handled as an education issue.

Do we (PNA) have an active voter registration effort? Huge voter turnout is REAL power base.
